Press Release

TPREIA Proudly Announces

Houston becomes the first TPREIA Chapter!

At the membership meeting on May 17th 2008, the Greater Houston Chapter voted unanimously to become the first TPREIA Chapter in Texas.

While the Chapter membership enables the Houston Chapter members to become TPREIA members, Chapter membership is not required to do so but is encouraged. Chapters and the State association both have roles to play in marketing and educating the inspectors of Texas.

70 Houston area inspectors were present at this first Greater Houston Chapter of TPREIA meeting where several speakers presented timely information to the audience:

TREC Inspector Advisory Comm Chairman Larry Foster and Committee members Brad Phillips and Fred Willcox presented updates and information on the proposed SoP's and the revised report form.

Both are available and in a comment period at the TREC website. It is important that you comment...this is your livelihood..your silence means you like and accept it.

The main speaker was John Eckstrum who is the Chairman of the TREC Commission.

He is newly appointed this year and truly wants to better the Commission and its licensees and its charge to the consumer. He came, not only giving answers but, looking for input.

TPREIA was created because Texas Inspectors wanted another option to invest their time, efforts and money. TPREIA has filled that void and is now accepting Charter Memberships.

Charter Memberships will be provided through July 1st, 2008. Membership fees are just two hundred dollars. Our goal is to exceed your expectations.

Please review the TPREIA Ethics and Mission Statement. I know that you can see the vision of TPREIA and feel the positive atmosphere and attitudes that are involved in this new Association.

Download your application from our web site at www.TPREIA.com and mail it today to the address shown at the top of the application. We look forward to receiving your application and to welcoming you into TPREIA.

Imagine

no limits, no boundaries ...
