

TPREIA

Press Release

The TREC Inspector Advisory Committee has been working on the Standards of Practice revisions for several months. The comments draft is now posted on the TREC website at <http://www.trec.state.tx.us/inspector/> .

You know that this affects you, it is worth your professional curiosity as well as your future requirements for the inspections that you perform, to minimally take a look but better yet to comment.

I have spoken to Larry Foster and your comments are genuinely requested. All comments will be delivered to the entire TREC Commission.

This is also an appropriate venue for the consuming public and the real estate agents to comment on.

Larry has allowed that he will accept all comments and pass them to the Commission. Send your comments to [Larry@fosterinspections.com](mailto:Larry@fosterinspections.com).

TPREIA has filled that void and is now accepting Charter Memberships. **Charter Memberships will be provided through July 1st, 2008.** Membership fees are just two hundred dollars. Our goal is to exceed your expectations.

Please review the TPREIA Ethics and Mission Statement. I know that you can see the vision of TPREIA and feel the positive atmosphere and attitudes that are involved in this new Association. Download your application from our web site at [www.TPREIA.com](http://www.TPREIA.com) and mail it today to the address shown at the top of the application. We look forward to receiving your application and to welcoming you into TPREIA.

Imagine no limits, no boundaries ...

If you are a member of another Chapter and would like more information on changing your group or in starting a local TPREIA Chapter, please contact our Vice President of Membership, Kelly Hankins at [kelly@homespec1.com](mailto:kelly@homespec1.com) .

Please pass to other Texas inspectors. If you are not receiving press releases and newsletters from TPREIA, please contact us at [TPREIA@aol.com](mailto:TPREIA@aol.com) . Please pass to other inspectors. Our data base includes approximately 1/3 of all Texas Inspectors, please let us know if we missed one. The database will be used for passing along information critical to the Texas inspection industry.
