

**...from Texas Professional Real Estate Inspectors  
Association (TPREIA)**

Dear Mike,

**Happy 4th of July from the TPREIA Educational Department!**

TPREIA hopes that each of you have a wonderful, safe and blessed 4th of July weekend. This is the time that we celebrate our freedom and reflect upon what freedom means for each of us. As Inspectors, this means that we have the freedom to work for ourselves, choose the areas we work, choose which Inspector Associations we belong to and where we want to invest our hard earned money.

TPREIA has listened to Texas Inspector's request for quality education and Membership Benefits. During this very difficult and changing economical times, we as Inspectors and Business Owners are re-evaluating where and how we invest our money. We demand to see a better return on our investments and want to ensure that every dollar we spend is productive.

If you are not already a TPREIA Member, we ask that you consider the following points and compare TPREIA with other Inspector Associations. As many Inspectors across the State of Texas have already discovered, you too will see that TPREIA is the best opportunity in the State for the best place for you to invest your membership dollars.

- In 2009, TPREIA has provided its *Members* with over 32 hours of TREC CEU's --- **FREE**.
- An additional 32 hours of TREC CEU's for *TPREIA Members* are scheduled during the 2nd half of 2009 ---**FREE**
- Plus a special 16 hour class providing TREC CEU's at our September Conference for the "Post Tension Foundation Residential Inspector's Certification" at a very reduced rate for TPREIA Members. This is not just another conference---this is a Professional Certification Class for Inspectors! *No other Association has ever provided this quality of education for their Members.*

- TPREIA initiated the "How it's Made" series of educational classes.
- TPREIA initiated the "Ask our Experts" series as another **FREE** Members Benefit.
- The TPREIA Website is superior and outstanding! Check it out at [www.TPREIA.com](http://www.TPREIA.com).
- Check out the TPREIA Blog, where discussions meet the Members needs and answers their questions.
- Personalized professional photo ID name badges for all Members.
- Membership representation at the TREC.
- Membership representation at the TAR and local Realtor Association Events.
- Power Point Presentations for our Members to use in Realtor office presentations.
- Monthly Newsletters.
- All this for the extremely low Membership dues of just \$200 annually.

You do the math. Membership into TPREIA costs you just \$200 each year. Plus you'll receive the items list above. WOW! What a return for your investment!

Do you know what we call Independence Day? It is when you join TPREIA and find true FREEDOM! We dare you to compare TPREIA to other Associations. How much are their dues? How much do their educational classes or conferences cost you? What do you receive from your Membership with them? I guarantee you that their Membership package doesn't provide a good return on **your** investment!

Others may try to imitate us, but can't compete with the FREE CEU hours or the quality of classes that TPREIA provides its Members. TPREIA gives back to its Members by listening to their needs and desires, then by exceeding their expectations! Our Members have nothing to loose but everything to gain by being a TPREIA Member.

Isn't it time that you joined TPREIA? We have made the process as easy as going on-line to complete your application. So join today and celebrate your Freedom with TPREIA.

**But wait....**

To help make your decision to join TPREIA even easier, we invite you to join **today** for just \$100 for the rest of 2009! And yes, you will still receive all of the TPREIA Membership and Educational opportunities that we're providing to our Members.

So now what are you waiting for? Join now and be proud of yourself and find your personal Freedom! At TPREIA you're not just a number, your family.

Kindest Regards,

*Brenda Roebuck*
